**RE: Self-Enrolment appointment for Winter 2013/2014 academic year**

Start planning your schedule now!

On **May 7, 2013 at 8:30 AM MST** you will be able to start enrolling in Winter classes for the 2013/2014 academic year. It's recommended that you pre-plan your schedule so you are ready to enrol on the date/time provided and to get the best class selection. Although you will still be able to enrol and/or make changes to your schedule from the time your enrolment appointment opens until the beginning of the Winter 2014 Term, we strongly encourage students to finalize their class selection as soon as possible.

An [Enrolment Walkthrough](#) is posted to the main page of the myNAIT portal. This tool has a step-by-step view to assist in planning your schedule; enrolling in courses, paying your fees and getting set up on campus.

**Enrolment Checklist:**

- Make a note of your enrolment appointment date
- Review the [Enrolment Walkthrough](#)
- Use the [Program & Courses](#) pages to plan your schedule
- Begin enrolling in classes on your enrolment date/time (listed above)
- Pay your tuition
